Flowers:
Height: 30cm (12")
Spread: 35 cm (14")
Sun to part shade
Well drained soil, drought resistant

Spiderwort

Flower: Blue in late spring / early summer
Height: 60 cm (24")
Spread: 90cm (36")

Full sun to part shade
Average, well drained soil

Campanula rotundifolia

Flowers: Blue-violet in late spring - summer

Height:

Spread:

Full sun to part shade

Average soil, drought tolerant, do not overwater

Attracts bees, birds and butterflies

All plants are poisonous if ingested

Campanula Persicifolia

Flowers: Medium tall spikes of near white with violet blue along edges in summer

Height: 75-90cm (29-35")

Spread: 30-45cm (12-18")

Full sun to part shade

Average soil, average moisture

Fescue

Flowers: Plumes in late spring

Height: 30-35cm (12-14") Up to 50cm (20") with plumes

Spread: Clumping

Foliage: Light blue

Full sun to part shade

Well drained soil, drought and heat tolerant

Meadowsweet

Flowers: Small, creamy-white flowers June - Aug.

Height: 150cm (60")

Sun to part shade

Average moist soil

Inula

Flowers: Yellow ~ Summer

Height: 30cm

Full sun

Average soil, average moisture

Siberian Iris

Flower: Purple in late spring - early summer

Height: 50-120cm

Full sun to part shade

Average, well drained soil

slightly showing above the soil

Phlox

Flower: White blooms in mid to late summer

Height: 90 - 100cm (35-39")

Spread: 60-75 cm (23-29")

Full sun to part shade

Attracts butterflies

Average soil, average moisture

Luxury Lace Daylily

Flower: Large coral to apricot flowers, lightly fragrant in mid summer

Height: 60-90 cm (24-36")

Spread:

Full sun to part shade

Average soil

Fairy Tale Pink Daylily

Flower: shell-pink with dark pink streaks, yellow eye, green throat, ruffled petals

Height: 60cm (24")

Width: 12cm (5")

One of the most lovely lilies

Patricia Fay Daylily

Flowers: Very pink, lovely silky streaks and rib, yellow throat, long, pointed petals

Height: 80cm (32")

Width: 12cm (5")

Stella d'Oro Daylily

Flowers: Gold-yellow, solid colour, repeat bloomer all summer, fragrant

Height: 30cm (12")

Spread: 30cm (12")

Full sun to light shade

Soil well drained, plenty of organic material such as humus or compost, drought tolerant
